Lean Factory America is the exclusive representative of the Asutec family of pallet stops, dampers, locators and traffic control devices for the North American marketplace.

The table shown above provides a direct one-to-one cross reference from the Bosch Rexroth pallet stop to a direct replacement unit from Asutec. Please note that the Asutec items listed above represent but a fraction of the wide array of stop solutions offered by Asutec. Other items within the offering include; electric stops, high capacity stops, stops for high conveyor speeds, locators, acceleration units, sensing options for stop monitoring and numerous accessories.
